

Silke Bischoff, On The Other Side I'll See You

Do you remember slow-motion times
With little golden stars?
I see you trumble in the streets
I hold your hand in the cinema
A piece of heaven

in a rotten world
Aou disappeared in a roaring night
I could die

I CRY

On the other side
I'll see you again
On the other side
We'll walk hand in hand

On the other side
I'll see you again
On the other side We'll walk hand in hand

I saw you again with tears in your eyes
My heart beats hard
Time doesn't move in a picture
But I can't live in the past

Life is easy
If you don't care about the future
And it's easy to smile
If you don't care about the truth
I still love you
But I've changed myself

On the other side
I'll see you again
On the other side
I'll see you again
On the other side
I'll see you again
On the other side
I'll see you again

On the other side
I'll see you again
On the other side We'll walk hand in hand
On the other side
I'll see you again
On the other side We'll walk hand in hand

When I see you...
