

# Silversun Pickups, Bloody Mary (Nerve Endings)

Drown you out  
And left you with the sounds  
We'll spoil good nights  
Replacing lullabies

How could they never notice?  
What they planted in your space  
See you laughing in a picture  
But I know what's out of frame

You barely cried  
But you made it out alive  
And I'm so proud  
That you're in my hands now

If we grew up together  
You would find it's not the same  
I want to jump inside that picture  
Show you what you gained

You can stay here long enough  
We can play with Bloody Mary  
Say her name into the dark  
Activate our nerve endings

If we can stay here long enough  
We can play with Bloody Mary  
She can chase us through the dark  
Activate our nerve endings

We'll stay...

I'll never let them get closer  
Or shower you with any blame  
Now we dance in our own picture  
Where the rules have changed

If we can stay here long enough  
We can play with Bloody Mary  
Say her name into the dark  
Activate our nerve endings

If we can stay here long enough  
We can play with Bloody Mary  
She can chase us through the dark  
Activate our nerve endings

We'll stay...
