

# Simon Townshend, Goodbye Everything

Goodbye everything, from the bottom of the sea  
To the highest I can reach  
Goodbye everything, you can hear the caged bird sing  
In between the time it takes to breath  
Goodbye everyone, it's the way it should have gone  
Not hello to the ones that took my mind  
Goodbye to the sun, now one and one is one  
Goodbye to the love I left behind  
If I could be around I could turn it all around  
If I could be around I could make her see  
If I could be around I could change it all  
'Cause in everywhere I go and in everything I do  
My whole world it all belongs to you  
So goodbye to it all  
All creatures great and small  
From behind a sound proof wall  
Goodbye to the stars, Jupiter and mars,  
To the Moon that's in the sky  
Goodbye everything, from the bottom of the sea  
To the highest I can reach  
And that is steep yeah  
Goodbye everyone can you hear the song I've sung  
Goodbye to the love I've left behind  
If I could be around I could turn it all around  
If I could be around I could make her see  
If I could be around I could change it all  
'Cause in everywhere I go and in everything I do  
My whole world it all belongs to you  
In everything I do and  
In everywhere I go  
This whole world it all belongs to you, to you  
So goodbye everything Goodbye  
Where would I be without you  
Where would I be without your love  
Goodbye, goodbye  
Where would I be without your love
