

# Simple Minds, BLOOD DIAMONDS

I feel you  
there's no need to serve  
I hear you  
from so far away  
There's a town  
that's beyond this place  
And there's a space  
'cause you're not here  
Or could I be wrong  
Imagination strikes  
I hear those uneven songs  
We're turning like  
ghosts in flight  
Once we were lovers  
Once we were pure as friends  
Once we were blood  
Diamonds to the end  
To the year  
when the world descends  
Let's make true  
once again  
Or could I be wrong  
Could there be other ways  
Or could I be wrong  
you can't untrain the heart  
Once we were lovers  
Once we were pure as friends  
Once we were blood  
Diamonds to the end  
Yeah once we were lovers  
Once we were true as friends  
Once we were blood  
Diamonds to the end  
Diamonds to the end  
Or could I be wrong  
Could there be other ways  
Or could I be wrong  
You can't untrain the heart  
Once we were lovers  
Once we were pure as friends  
Once we were blood  
Diamonds to the end  
Yeah once we were lovers  
Once we were true as friends  
Yeah once we were blood  
Diamonds to the end  
Diamonds to the end
