

# Simple Plan, Saturday

S-A-T-U-R-D-A-Y

Ticking like a time bomb, waiting for the weekend  
(Saturday night, Saturday night)  
People throw their hands up higher than the ceiling  
(Saturday night, Saturday night)  
I can see the line up running 'round the whole party  
(Saturday night, Saturday night)  
Coming through the window, I can hear the bass drum  
(Saturday night, Saturday night)

We don't have to go, we can stay right here

We can go get drunk, staying up all night  
Singing "Don't Stop Believing" til the morning light  
We can line up shots til it all goes bad  
And we're passed out and puking in a taxi cab  
When you're lying here by my side  
Nowhere else feels right  
I'd rather be alone with you on a Saturday night

S-A-T-U-R-D-A-Y

This is gonna be a night so epic  
(Saturday night, Saturday night)  
You and me baby, nothing but Netflix  
(Saturday night, Saturday night)

We don't have to go, we can stay right here

We can go get drunk, staying up all night  
Singing "Don't Stop Believing" til the morning light  
We can line up shots til it all goes bad  
And we're passed out and puking in a taxi cab  
When you're lying here by my side  
Nowhere else feels right  
I'd rather be alone with you on Saturday night

If we ever get bored, if we get restless  
Saturday night, Saturday night  
We can get dressed up, let's get epic

We can go get drunk, staying up all night  
Singing "Don't Stop Believing" til the morning light  
We can line up shots til it all goes bad  
And we're passed out and puking in a taxi cab  
We'll stop on every bar on the boulevard  
Til we max out the limits on my credit card  
When I've got you here by my side  
Everything feels right  
As long as it's me and you on Saturday night
