

# Simplefields, DANCING WITH THE DEVIL

I burn my soul tonight  
I'm gonna hang on the bite

(What you gonna do with this?)

I burn my guitars, I burn my songs  
still got the lyrics, still going on

I burn my house, I burn my farm  
call firefighters  
turn on smoke alarm

I don't wanna trouble kid  
don't wanna bother you

Would you be so kind for me  
just go away kid

I don't wanna trouble girl  
don't wanna bother you

I'm expecting devil  
in plastic hell

Do me a favour, remind me name  
when you pray on the church  
I'll be far away

This gonna be on sunday  
I'm going on holidays

Just remind my name when you pray for my soul...
