

# Simplified, On And On

It's going down again, they think that they can win  
What do they want from me?  
Their will too blurred to see

Tonight they can't stop me I'm pushing on and on and on  
They'll never keep me down

Tonight they can't touch me I'm moving on and on and on  
I don't need them around

Two down more to go, they think it's all for show  
All these eyes on me, why can't I be free?  
Cause I know now...

Tonight they can't stop me I'm pushing on and on and on  
They'll never keep me down

Tonight they can't touch me I'm moving on and on and on  
I don't need them around

Their will too blurred to see

Tonight they can't stop me I'm pushing on and on and on  
They'll never keep me down

Tonight they can't touch me I'm moving on and on and on  
I don't need them around

Two down more to go, they think it's all for show  
All these eyes on me, why can't I be free?  
Cause I know now...

Tonight they can't stop me I'm pushing on and on and on  
They'll never keep me down

Tonight they can't touch me I'm moving on and on and on  
I don't need them around

Tonight I feel mighty I'm pushing on and on and on  
Tonight they can't touch me I'm moving on and on

And on and on you know I can't stop  
It's on and on they'll never keep me down

Three down more to go  
I guess it's all for show
