

Sina Moonlake, Cry with the Wolves

Life made us to monsters
We got broken inside
There's pain in the waters
Tryin' our best to survive

And let's face the truth,
We see eye to eye
A world full of ashes
Cuz we lit the fire

We cry with the wolves
If you're ready to run and you're ready to fight
Out of the darkness and into the light
I'm ready to fight for you
We cry with the wolves
We're ready to run and we're ready to fight.
Howling our promises into the night
I'm ready to fight for you.

We turned into strangers,
aided by bleeding hearts.
Lost sight of our nature
and never found our way back

Let's meet again,
In the eye of the storm,
If you find it within you, Fears
can be overcome.

We cry with the wolves
If you're ready to run and you're ready to fight
Out of the darkness and into the light
I'm ready to fight for you
We cry with the wolves
We're ready to run and we're ready to fight.
Howling our promises into the night
I'm ready to fight for you.

We cry with the wolves
We cry with the wolves
We cry with the wolves
I'm ready to fight for you.
