

Sisters Of Mercy, Train

Train (3x)

Take a last decision and the cars to move it

Past information

Tunnel vision and the scars to prove it

Everybody got a reservation

Far behind the black horizon

Beyond the things you know

Everybody got a destination

Everybody got a place to go

Take a walk downtown to where the victims go

Take your shadow to the end to the very last window

Everybody got friends got shot upside and over

Down the line

Everybody got assignations

I got mine

Make a railway track for the main attraction

Out a hole between the ground and sky

Take a one-way ticket to the chain-reaction

Cross my heart and take a ride

Far beyond the black horizon

Beyond the things you know

Everybody got a destination

Everybody got a place to go
