

# Six Feet Under, As The Blade Turns

as the blade turns blood gushes forth  
another murder to bag and number  
ill kill forever  
until I die  
brutality  
a way of life  
as the blade turns  
as the soul burns  
as the blade turns  
within the wound  
another body beaten  
cut and stabbed  
ligature marks  
discovered after youve died  
coroner had a difficult time determining cause of death  
another one left for the infects snakes and rats  
as the blade turns the sould forgot  
nine years of death left to rot  
scattered dead from state to state  
I cut and slash as I attack  
a cornered victim soon to die  
broken bones a punctured eye  
into the morgue cold and dead  
into the morgue  
cold  
and dead  
as the blade turns  
as the soul burns  
as the blade turns  
withing the wound  
as the blade turns you scream in pain  
torturing a piece of meat  
take out my anger  
take out my hate  
psychotic rage flows through my veins  
locked away  
inside your skin  
a body  
cut to pieces  
one more goes unsolied  
as the blade turn within the wound  
as the blade turns  
as the soul burns  
as the blade turns  
withing the wound
