

Sizzla, Jah Is Love

Everyone with that smiling face
People living in shining grace
Love and inity flood the place
In mount Zion I spend all my days
The children how happily they play
Rastaman so solemnly they pray
Doing all that Selassie I say
Children trust and obey

[CHORUS:]

Cuz Jah is love, and I've got love

We praise His own devine Majesty
with all our love and honesty
We thank you for our land that's prosperity
Preserve our culture and my African heritage
Whoa, all the people in the world they're clean
Keep it up keep it up red gold and green
Could you help me care these human beings
They belong to Jah the highly supreme
Feeling good about yourself
doing all the best you can
Most high Rastafari give you health
Keep us safe and strong

[CHORUS:]

Cuz Jah is love, and I've got love
Oh Jah is love, and we've got love

The future is yours to give
For the crowning of the King look to the East
Love is the foundation don't break the peace
Plow the soil we need food to eat
Obey your parents they're the root
Little children their life that's fruit
