

Skeeter Davis, Let Me Get Close To You

I know I never felt this way before I can't remember everyone and anyone more
How can you turn me down when I need you the way that I do
Come on baby let me get close to you honey won't be sorry
I'll do anything that you ask of me I'll be the kind of girl you want me to be
So won't you let me be the someone you tell your troubles to
Come on baby let me get close to you
I know I'll never know how to tell you that I love you so
Now I have finally said it come on baby don't make regret it
It's not if I'm asking for the world all I want is just a chance to be your girl
Darlin' won't you find it in your heart and make all my dreams come true
Come on baby let me get close to you
[piano]
Please find it in your heart and make all my dreams come true
Come on baby let me get close to you I want to be close to you
Real close to you let me get close to you
