

Skeeter Davis, Truer Love You'll Never Find

[Bobby]

You empty all my pockets you take away my gold

[Skeeter]

You strip me of my innocence then leave me in the cold

[Bobby] You rob me of my patience [Skeeter] and you mess up my mind

[Both]

But we're gonna stick together babe cause a truer love you'll never find than mine

[Bobby]

You set my very soul on fire and you burn it to the ground

[Skeeter]

You take my lovely little world and turn it upside down

[Bobby] You rob me of my patience [Skeeter] and you mess up my mind

[Both]

But we're gonna stick together babe cause a truer love you'll never find than mine

We're gonna stick together babe cause a truer love you'll never find than mine

Yeah we're gonna stick together babe cause a truer love you'll never find than mine
