

Skeeter Davis, We Must Have Been Out Of Our M

[Both]

We said our goodbyes long ago never thinking we'd miss each other so
All the memories we can't leave behind oh we must have been out of our minds

[Skeeter]

I've thought I loved another not you

[Bobby]

Oh how foolish I've thought the same too

[Both]

They both turned out to be the wrong kinds oh we must have been out of our minds

[piano]

[Bobby]

Let's forgive and forget the past we've known

[Skeeter]

We'll reap together all the wild seeds we've sowed

[Both]

Surely they can forgive us and find that we must have been out of our minds

[Skeeter]

Yes I've thought I loved another...

Yes we must have been out of our minds
