## Sketch, Conceive

Hatred consuming me Feeling no sympathy Worthless your life to me Going through emotions you can't conceive

It's about to break (I'm breaking) Break

Sadnes; apart of me Fighting; you always win Feeling; these words are gone Blameless; I was betrayed

Sadness, fighting, feeling, blameless Going through emotions you can't conceive

Your eye; punish me My thoughts; broken dreams Falling; from the shame Fading; your thoughts of me

Your eyes; my thoughts; falling; fading Going through emotions you can't conceive
