

Skid Row, Time Bomb

Tick, tick, tick, tick
Tick, tick, tick
Tick, tick, tick, tick
Tick, tick, tick

Sitting in the dark
Waiting for the start
The start of something new

Running into walls
Holding every breath
In spite of turning blue

No telling how much longer I will feel this way

I'm a ticking timebomb
Tick, tick, tick, tick, tick, tick
Boom!
I'm a ticking timebomb
Tick, tick, tick, tick, tick
Boom!

Tick, tick, tick, tick
Tick, tick, tick
Tick, tick, tick, tick
Tick, tick, tick

Crushed beneath myself
In search of what I know
Of what I know is true

Scratching through my skin
Biting off my nails
Breaking bones in two

Try to defuse myself before I blow away

I'm a ticking timebomb
Tick, tick, tick, tick, tick, tick
Boom!
I'm a ticking timebomb
Tick, tick, tick, tick, tick
Boom!

I'm a ticking timebomb
Tick, tick, tick, tick, tick, tick
Boom!
I'm a ticking timebomb
Tick, tick, tick, tick, tick
Boom!

Tick, tick, tick, tick, tick
Boom!

Tick, tick, tick, tick, tick
Boom!
