Skid Row, Wasted Time

[Bach, Bolan, Snake]

You and I together in our lives Sacred ties would never fray Then why can't I let myself tell lies And watch you die every day

I think back to the times When dreams were what mattered Tough talking youth naivete

You said you never let me down But the horse stampedes and rages In the name of desperation

Is it all just wasted time Can you look at yourself When you think of what You left behind

Is it all just wasted time Can you live with yourself When you think of what You left behind

Paranoid delusions they haunt you Where's my friend I used to know He's all alone He's buried deep within a carcass Searching for a soul

Can you feel me inside your heart As it's bleeding Why can't you belive you can't be loved

I hear you scream in agony And the horse stampedes and rages In the name of desperation

Is it all just wasted time Can you look at yourself When you think of what You left behind

Is it all just wasted time Can you live with yourself When you think of what You left behind

You said you never let me down But the horse stampedes and rages In the name of desperation

Is it all just wasted time Can you look at yourself When you think of what You left behind

Is it all just wasted time Can you live with yourself When you think of what You left behind The sun will rise again
The earth will turn to sand
Creation's colors seem to fade to grey
And you'll see the sickly hands of time
Will write your final rhyme
And end a memory

I never thought you'd let it get this far, boy
