

# Skin, Getting Away With It

Ive been walking in the rain  
Just to get wet on purpose  
Ive forcing myself  
Not to forget that i feel worse  
Ive been getting away with it  
All my life  
Getting away with it  
All my life

However i look its clear to see  
I love you more than  
You love me

I hate that mirror  
It makes me feel so worthless  
Im an original sinner  
But when im with you  
I couldt care less

Ive been getting away with it  
All my life  
Getting away with it  
All my life
