

# Skindred, Falling Down

There's a hole in my head  
And the lines they just can't stop falling out  
And the truth from my lips  
I scream it without a doubt  
I always did as you said  
Even though it was against my will  
Ain't afraid any longer  
Just hear as my lips they spill

Spit the words out  
I cant stop from making this noise no more  
Spit the words out  
I cant stop from being SO paranoid

I will not fall for you  
Not falling down for you  
I will not fall for you

I don't regret what I said  
you're like a weight that just held me down  
Everything that I once was  
You changed and made me your clown  
No I'm not holding your hand  
And I want you to move from me  
I want to know that I've found a peace  
From you am eternally free

Spit the words out  
I cant stop from making this noise no more  
Spit the words out  
I cant stop from being SO paranoid

I will not fall for you  
Not falling down for you  
I will not fall for you

Spit the words out  
I cant stop from being SO paranoid  
Being so paranoid  
Making this noise no more  
Being so paranoid  
Making this noise no more  
Not falling down for you
