

# Skrape, Up The Dose

Give it back/Give it back/Give it back to me  
Let it go/Let it go/Let it go through me  
I can't show you how they're treating me  
Here I come/Here I come/Are you ready for me?

I want to forget just how you feel  
This is what I need to make this real  
Up the dose  
You know I'd do/You know I'd do anything  
Up the dose  
I will/I will  
Up the dose a never ending dose  
And I'll get higher and higher

Break away/Break away/Break away from me  
I'm a feign/I'm a feign/I'm a feign to me  
My reaction is what's keeping me  
Dirty me/I can see/Are you ready for me?

I want to forget just how you feel  
This is what I need to make this real  
Up the dose  
You know I'd do/You know I'd do anything  
Up the dose  
I will/I will  
Up the dose a never ending dose  
And I'll get higher and higher

Up the dose a never ending dose (Higher and higher)  
Up the dose a never ending dose (Higher and higher)  
And I'll get higher and higher  
Up the dose
