

Skrewdriver, A Case Of Pride

youre wonderin how youre gonna make it through the day
? and you can't find your way

because you have no money ,baby ,and youre gonna have to steal
youre a case of pride and i know just how you feel

you cant go home cause theyll see that you have failed
you cant afford much food and youre lookin pale

but youve got so many dreams ,you got
patience in your head
but you sleep in railway car ,
cause you cant afford a bed

everybody brags about the things that theyve acheived
they made you feel so useless that you had to leave
