

# SKRILLEX, Hydrate (feat. Flowdan, BEAM & PEE)

Mama, listen  
Hope is where your heart is  
Don't give up on this  
Don't give up on this  
'Cause there is life abundance  
Life abundance  
'Cause there is life abundance  
Life abundance

Fumble, killer, killer contact  
Frontline, never gonna run back  
Want my, ready for the combat  
Me against them but I'm on that  
Somebody's ready to make part  
'Cause under my soul there's a wonder  
Me at maximum speed, it's a jogger  
My money too cloud, let me wonder  
Pull up, are you fit for the convo?  
Any lose chat give a lock back  
So they got get back to basis  
Keep stepping on them like a doormat  
Pull up, are you fit for the convo?  
Any lose chat give a lock back  
So they got get back to basis  
Keep stepping on them like a doormat

Pull up on your block like Baileys  
Got a surgeon, ready for that facelift  
It's simple, not complicated  
Some of this heart just stay hydrated

Hydrated, hydrated, hydrated, hydrated  
Hydrated, hydrated, hydrated, hydrated  
Hydrated, hydrated, hydrated, hydrated  
It's simple, not complicated  
Some of this heart just stay hydrated  
It's simple, not complicated  
Some of this heart just stay hydrated

Walk black, who's biting that?  
The sun half as shine when thing grey  
This is when you overcome  
They say this is when you overcome  
Some of this heart just stay hydrated

Bringing me this, bringing me that  
Bringing me this, bringing me that  
When I come up clean, when I come they let  
When I come through with these hoes, we come with the lad  
I cannot, cannot let up when I fear  
They looking a demon and I'm [?]

Yo, remake for abundance, any party  
Send for water, hydrate for pretty  
Never get a rate, never get first G  
Send 'em a bottle all payed for me  
If it's gonna be a mad thing, all around thing  
Tip-top, expanding, all around me  
Mili to be head, club's a mass  
Never ever let 'em be better than me

Pull up on your block like Baileys  
Got a surgeon, ready for that facelift  
It's simple, not complicated

Some of this heart just stay hydrated

Hydrated, hydrated, hydrated, hydrated  
Hydrated, hydrated, hydrated, hydrated  
Hydrated, hydrated, hydrated, hydrated  
It's simple, not complicated  
Some of this heart just stay hydrated
