

# Sky Ferreira, Lost In My Bedroom

You're crystal clear  
Facing the light  
Don't disagree  
It's just what I imagined

So happy here  
Everything's fine  
It's crystal clear  
It's just what I imagined

Lost in my bed  
And I'm lost in my head  
And I'm lost in my bedroom again  
It's just what I imagined  
Lost in my bedroom  
It's just what I imagined

It's just what I imagined  
Lost in my bedroom  
It's just what I imagined

Lost in my bed  
And I'm lost in my head  
And I'm lost in my bedroom again  
It's just what I imagined  
Lost in my bedroom  
It's just what I imagined

It's just what I imagined  
Lost in my bedroom  
It's just what I imagined

Silent in the stage  
Everything's fine  
Inside my brain  
It's just what I imagined

Something's not right  
Shadows of fear  
I close my eyes  
It's just what I imagined

Lost in my bed  
And I'm lost in my head  
And I'm lost in my bedroom again  
It's just what I imagined  
Lost in my bedroom  
It's just what I imagined

It's just what I imagined  
Lost in my bedroom  
It's just what I imagined

Lost in my bed  
And I'm lost in my head  
And I'm lost in my bedroom again  
It's just what I imagined  
Lost in my bedroom  
It's just what I imagined

It's just what I imagined  
Lost in my bedroom  
It's just what I imagined

It's just what I imagined  
Lost in my bedroom  
It's just what I imagined
