

# Skye Sweetnam, Sugar Guitar

Trigger pulled, got the fuel, ready to burn  
Looking hot, what we've got, we've had to earn  
Oh Yeah

Guitar strapped on my back, sugar-pop in hand  
We're all obsessing about the rock n' roll band  
Oh Yeah

Something's got me  
Spinning round, dizzy sounds  
With the songs you're playing  
Dancing around in my head  
Dancing around in my head  
(Nana nana, nana, nana, na, nana)

Something's got me  
Making noise, teasing boys  
They're screaming for more  
So come and get what you came for  
Come and get what you came for  
(Nana nana, nana, nana, na, nana  
Nana nana, nana, nana, na, nana)  
Come and get what you came for  
Come and get what you came for

Can't ignore anymore, struck in love hardcore  
I've been winking at a guitar warrior  
Oh Yeah

Sugar boy, vicious babe, not well behaved  
Lipstick on, time to rock, attention we crave  
Oh Yeah

Something's got me  
Spinning round, dizzy sounds  
With the songs you're playing  
Dancing around in my head  
Dancing around in my head  
(Nana nana, nana, nana, na, nana)

Something's got me  
Making noise, teasing boys  
They're screaming for more  
So come and get what you came for  
Come and get what you came for  
(Nana nana, nana, nana, na, nana  
Nana nana, nana, nana, na, nana)  
Come and get what you came for  
Come and get what you came for
