

Skylar Grey, Cheers

I'm tired of the same twelve notes ('Cause I don't know any more)
Sick of all these four-bar phrases (But here I go again)
Tried to be the thing you wanted most
And became a joke

I'm havin' a party
Don't tell anybody
Champagne, caviar, and
Infinite stars

Cheers to me for lettin' you go (Givin' up)
I said, "Enough is enough"
It's bittersweet, I'm drinkin' alone (Givin' up)
And I'm raisin' a cup, here's to me givin' up

(Givin' up)
(Givin' up)

I'm done with all the same poses
And searchin' for the perfect angle
'Cause I don't even recognize myself
It's like I've been possessed

I'm havin' a party
Don't tell anybody
Champagne, caviar, and
Infinite stars, oh (Stars), oh (Stars), oh

Cheers to me for lettin' you go (Givin' up)
I said, "Enough is enough"
It's bittersweet, I'm drinkin' alone (Givin' up)
And I'm raisin' a cup
Cheers to me for lettin' you go (Givin' up)
I said, "Enough is enough"
It's bittersweet, I'm drinkin' alone (Givin' up)
And I'm raisin' a cup, here's to me givin' up

(Givin' up)
Me givin' up
(Givin' up)
