

# Slade, Know Who You Are

Know who you are  
Know where you're going to  
Just take a look at the things  
that make up a good living  
Tied off your socks  
Trying your father's on  
Run round the world taking all  
that you want you can carry

Chorus  
Know where you are  
And where you've been  
And where you're going to  
'H' old 'H' sing a song

Maybe you're wrong  
Finding a new way out  
Trying to work out a way  
to include one another  
Think what you are  
Think where you're going to  
'H' sing a song to make out  
that you're playing is easy

Know who you are  
Know where you're going to  
Read a new book  
Finish the other one  
Right from the start try and  
work out the finishing answer
