

Slade, Let's Call It Quits

You keep me straight, I'll keep you narrow
You got the magic that can chill me to the marrow (woo)
But I got somethin' here for you, it's big enough for two
You want me sweet - I want you pretty
You got some funny lines that make me sound so witty
But I got somethin' here for you, it's big enough for two

Let's call it quits, let's call it quits,
Before we break a-one another into bits
Let's call a tie, let's call a tie,
Before we make a-one another start to cry

You got the why, I got the wherefore
You got me trapped hook line and sinker and so therefore
I got somethin' here for you, it's big enough for two

Let's call it quits, let's call it quits,
Before we break a-one another into bits
Let's call a tie, let's call a tie,
Before we make a-one another start to cry

You keep me straight, I'll keep you narrow
You got the magic that can chill me to the marrow (woo)
But I got somethin' here for you, it's big enough for two

Let's call it quits, let's call it quits,
Before we break a-one another into bits
Let's call a tie, let's call a tie,
Before we make a-one another start to cry
Bully! I got a somethin' an' it's big enough for two ooh hoo. . .
