

Slash, Call Off The Dogs (ft. Myles Kennedy and

She's on the hunt again
It won't be long
She always pulls me in
To the place I don't belong

On my trail
On my mind
Pulls my chain
Every time

Call off the dogs
I'll run no more
I can't hold on
My heart is yours
Call off the dogs
Call off the dogs

She's coming from behind
She's never far
She brings the dead to life
With her voodoo woman charm

It never fails
She'll cross the line
The nightingale
Sings tonight

Call off the dogs
I'll run no more
I can't hold on
My heart is yours
Call off the dogs

You're on my trail
You're on my mind
Pull on my chain
One more time
I'm easy prey
I'm too weak to fight
My nightingale
Take me tonight

Call off the dogs
I'll run no more
I can't hold on
My heart is yours
Call off the dogs
Call off the dogs
Call off the dogs
Call off the dogs
