

Slaughter, Old Man

(Mark Slaughter, Dana Strum)

I'm in the mood

It's time to go out tonight

You're feeling good

Pulsating, going faster than the speed of light

I feel it touch me

Oh, don't ya know

That it's never loud enough for me

[CHORUS]

You've got to move to the music

You've got to live on rock 'n' roll

You've got to move to the music

Don't ya know it's good for your soul

Out on the town

Saw this girl she looked so fine

I'll tell ya now

Oh I love it

When I feel her body movin' close to mine

I feel it touch me

Oh, don't ya know

That it's never loud enough for me

[CHORUS]

Can you feel it

[CHORUS]
