Slayer, I Hate You

(Eric " Joie" Mastrokolas/Brett Dodwell/Roy Hansen)

[by Verbal Abuse]

You were just a waste of sperm They way you look Makes my stomach turn The way you think Is no way at all

God you really think you have balls

I hate you Ain't it true I hate you And everything you do

You walk around like a fucking dick And everytime you're near You know I get real sick

You're so stupid There's nothing in your head God how I wish that you were dead

I hate you Ain't it true I hate you And everything you do

[Repeat intro.]
