

Slayer, Supremist

(King)

Crushing all your worthless goals
I define control
Your pain's my fucking ecstasy
So putrid is my world of tyranny

To accentuate your desperation
Flesh from bone I'll rip and tear
I hate the fact that we breathe the same air

Helpless as I dominate
I won't celebrate
Until you've all been crucified
I can not rest till everyone has died

I can't stand the victim in you
Infecting everything that I do
I will eradicate
Obliterate depopulate
Divine atrocious suffering
Cleansation of the weak
Supremacy

Pissing on your faith
Incinerate God's whore
Perpetual is my reign
I will eat your soul

[Lead - King]

Must maintain control of the weak

[Lead - Hanneman]

Must maintain control of the weak
Must contain the minds of the free
