

# Sleeping With Sirens, Don't You Ever Forget About

The hardest thing I'd ever do  
Is say goodbye and walk slowly away from you  
But I'll do it  
And after all this time I shared with you  
It seems unfair to leave with nothing more than blank stares  
But I'll do it  
If it's for the best then I wish you well  
If it helps to say our life was a living hell  
Well then do it  
Then do it  
Then do it

Don't you ever forget about me  
When you toss and turn in your sleep  
I hope it's because you can't stop thinking about  
The reasons why you close your eyes  
I haunt your dreams at night  
So you can't stop thinking about me  
Don't stop thinking about me

Do you really think you could see this through  
Put on a smile and wear it for someone new  
Don't you do it  
'Cause I know I'm not the easiest one to love  
But every ounce I had  
I invest in you  
But no one said love's not for taking chances

So don't you ever forget about me  
When you toss and turn in your sleep  
I hope it's because you can't stop thinking about  
The reasons why you close your eyes  
I haunt your dreams at night  
And so you can't stop thinking about me (can't stop thinking about me)

Will you take me back in the morning  
If I promise to never act this way again  
Oh Oh  
'Cause I'm so bad at being lonely  
But I don't know how (don't know how)  
I don't know how

So don't you ever forget about me  
Don't you ever forget about me  
Don't you ever forget about me  
When you toss and turn in your sleep  
I hope it's because you can't stop thinking about  
The reasons why you close your eyes  
I haunt your dreams at night  
It's so you can't stop thinking about me (don't stop thinking about me)  
Just close your eyes  
And fall asleep tonight
