

Slim Jesus, She Just Wanna

Let's get it!

She just wanna smoke all my weed
And she just wanna sip all my lean
And she just wanna spend all my cheese
So I told that ho to get on her knees
She just wanna smoke all my weed
And she just wanna sip all my lean
And she just wanna spend all my cheese
But she won't get a damn thing from me

I be ballin' out, I got hella bands
Shows across the country, I got hella fans
Blow it all on foreign cars and designer pants
So now these hoes hit my line sayin' I'm the man
Overnight fame, I took off like a rocket
Stores send me free clothes askin' me to rock it
Now I got all these bad hoes and they tryna pop it
But if she ain't sendin' nudes then I'm finna' block it
Say she wanna come through and get high with me
Bitch, I got loud and I got the lean
I just copped a QP, of that sour D
Pour up a 20 ounce of Sprite with that promethazine
Shawty think she getting cuffed but I just wanna fuck
And I let her hang around cause she can roll a blunt
She done stayed at the crib, couple, more than once
Asking "Where your daughter at?" I got her off the drugs

She just wanna smoke all my weed
And she just wanna sip all my lean
And she just wanna spend all my cheese
So I told that ho to get on her knees
She just wanna smoke all my weed
And she just wanna sip all my lean
And she just wanna spend all my cheese
But she won't get a damn thing from me

Your girlfriend took her panties off at my show
Said if I wanna smash just let her know
She just wanna hang around and smoke my dope
Told her get in line, with them other hoes
I got hella guap now, never lookin' bummy
Got my clout up, now all these bitches love me
But they just want my fame and my fuckin' money
That's why I just want some top, can't go like no dummy
I just copped a Benz, pulling hoes so simple
She can ride with me if she givin' dental
Her mans talkin' shit, sayin' it's a rental
So I fucked her in the back seat, wasn't gentle
Used to bum rides now I whip a foreign
That's why your girl hit my line, say you borin'
She say she wanna come with me when I'm tourin'
Told that ho delete my number, quit callin'

She just wanna smoke all my weed
And she just wanna sip all my lean
And she just wanna spend all my cheese
So I told that ho to get on her knees
She just wanna smoke all my weed
And she just wanna sip all my lean
And she just wanna spend all my cheese
But she won't get a damn thing from me
