

Slipknot, All Out Life

What a world
the horizon's coming like a hell bent killing machine
Can't afford to be the goddamn wreckage
Burn it all again at a million degrees
Calling all the adamant upper-level undefeated counterfeit cunts
a reason to fear
Throw away all the meaningless shit that's clinging
the Enemy is here I said stop...
give it to 3- I'm going to show you how to do it if you know what I mean
One By One Against- Give Me The Name

drop that shit and put it on a pedestal children are afraid of the Gods
raise your hands and show me what's impossible
that makes us even never tell me the odds
what a Bore
I;m geeting stuck in a metaphor
I dpn't want to go to sleep
I need a breakdown quick in negotiations
get it all together and remember to seethe
stop
give it ot 3

I;m going to show you how to do it if you know wtha I mean
drive by violence more of the same
I can see where you're going ad I'm really ashamed
do yoy think when you act ar just ast like you're thinking?
I got to know now
you better tell me
old does not mean dead
now does not mean best
no hard feeling
I'm tuired of being right about everything I've said
