

# Slowdive, Shine

Shine through the light  
So my thoughts won't  
Have to fight  
For your love  
Just to see you in me  
Hurts too much

Mind fills with the thought  
Love you till I caught  
Fish in the sky  
Impossible to fly  
See you walk away  
Why can't you stay and

Shine through the light  
So my thoughts won't  
Have to fight  
For your love  
Just to see you in me  
Hurts too much

High from above  
I see the words of love  
Decay to the ground  
Betray what I've found
