

Small Mechanics, Crushed by Sun

Every headlines are the same
I guess you crushed my world
You wanna cross the border live
The all ... coming back
Tell me Am I the man?
The man

I think this is into the light
You know how
It doesn't matter what I try
I lied
Sometime I feel like paralyzed
I think about my sense of time
My world is crushed by Sun

Do you wanna see my world
Do you wanna be on my side
Do you wanna sleep in my world
I'm Crushed by Sun
I'm Crushed by Sun
