

Smash Into Pieces, Trigger

You can be the glow in my dark
Speeding up the beat of my heart
Can you feel me now

Never been so ready to go
Waiting for a hell of a show
Aiming for a headshot
Going nonstop

Faster than sound
Higher ground
My dream could blow any minute
I need to know if you're in it
Spin me around
Make it loud
I want to fly like a bullet
You'll take me high if you pull it

Would you be my trigger
Boom Boom
Would you be my trigger
Boom Boom
Would you be my trigger
Boom Boom
You'll take me high if you pull it
Would you be my trigger

I was turning into a ghost
Tryna save the world on my own
So bring me back to life

Never been so ready to go
Waiting for a hell of a show
Aiming for a headshot
Going nonstop

Faster than sound
Higher ground
My dream could blow any minute
I need to know if you're in it
Spin me around
Make it loud
I want to fly like a bullet
You'll take me high if you pull it

Would you be my trigger
Boom Boom
Would you be my trigger
Boom Boom
Would you be my trigger
Boom Boom
You'll take me high if you pull it
Would you be my trigger

You can be the glow in my dark
Speeding up the beat of my heart
I was tryna virtually feel
Now I'm turning to something real
Aiming for a headshot
Going nonstop
Like a loaded gun

Faster than sound
Higher ground

My dream could blow any minute
I need to know if you're in it
Spin me around
Make it loud
I want to fly like a bullet
You'll take me high if you pull it

Would you be my trigger
Boom Boom
Would you be my trigger
Boom Boom
Would you be my trigger
Boom Boom
You'll take me high if you pull it
Would you be my trigger

Would you be my trigger
Boom Boom
Would you be my trigger
Boom Boom
Would you be my trigger
Boom Boom
You'll take me high if you pull it
Would you be my trigger
Boom Boom
