Smash Into Pieces, Trigger

You can be the glow in my dark Speeding up the beat of my heart Can you feel me now

Never been so ready to go Waiting for a hell of a show Aiming for a headshot Going nonstop

Faster than sound
Higher ground
My dream could blow any minute
I need to know if you're in it
Spin me around
Make it loud
I want to fly like a bullet
You'll take me high if you pull it

Would you be my trigger
Boom Boom
Would you be my trigger
Boom Boom
Would you be my trigger
Boom Boom
You'll take me high if you pull it
Would you be my trigger

I was turning into a ghost Tryna save the world on my own So bring me back to life

Never been so ready to go Waiting for a hell of a show Aiming for a headshot Going nonstop

Faster than sound
Higher ground
My dream could blow any minute
I need to know if you're in it
Spin me around
Make it loud
I want to fly like a bullet
You'll take me high if you pull it

Would you be my trigger
Boom Boom
Would you be my trigger
Boom Boom
Would you be my trigger
Boom Boom
You'll take me high if you pull it
Would you be my trigger

You can be the glow in my dark Speeding up the beat of my heart I was tryna virtually feel Now I'm turning to something real Aiming for a headshot Going nonstop Like a loaded gun

Faster than sound Higher ground

My dream could blow any minute I need to know if you're in it Spin me around Make it loud I want to fly like a bullet You'll take me high if you pull it

Would you be my trigger
Boom Boom
Would you be my trigger
Boom Boom
Would you be my trigger
Boom Boom
You'll take me high if you pull it
Would you be my trigger

Would you be my trigger
Boom Boom
Would you be my trigger
Boom Boom
Would you be my trigger
Boom Boom
You'll take me high if you pull it
Would you be my trigger
