

Smile, Boys

Chorus:

Boys boys be my boy

I wanna feel your body

Boys boys be my boy

Tonight I'm ready honey

Boys boys be my boy

I wanna be your lover girl

Be my lover boy

Hot summer times there is something on my mind

A kind of magic in the air

I'm on the run to a sunny paradise

With crowded beaches everywhere

I'm just the girl who's looking for some fun

It's time to get things started

So come on everybody

Chorus

Hot summer nigts always make me lose control

It's feel like heaven now I'm free

And all the boys, if you wanna feel the heat

Just come along and play with me

I'm just the girl who's looking for some fun

It's time to get things started

So come on everybody
