I Wanna Tell the World

by Michael W. Smith, Mark Heimermann & Toby McKeehan (ed: from DC Talk)  
on Change Your World

I saw you

And you saw me

And I didn't even know your name

Just one look

That was all it took

And I knew I'd never be the same

If walkin' on air compares to what I feel

Then how can I keep it sealed when...

Chorus

I wanna tell the world

If the smile on my face

Hasn't given me away already

I wanna tell the world

There ain't no way to hide it

Your love has got me flyin' high

Since the day

That you looked my way

I knew we were meant to be together

Now I thank the Lord

For a love like yours

'Cause I know it's gonna last forever

It's hard to believe my dreams have all come true

And I'm so in love with you that...

Chorus

Bridge:

I just want the world to know

Love has got me good to go

I have got to get it out

She is all I think about

It's something that I need to say

Love has overtaken me

Chorus
