

# Smoking Popes, Paul

With all the simple times behind me  
I can fail without regret  
If I have to try then I will never  
Be able to forget  
Bottoms down  
And out of reasons to hang around

And when the sun is over Hong Kong  
I can tell you where she'll be  
Floating in a soft and lonely melody  
Directly over me  
Chocolate eyes at one time melting in mine  
But not tonight

[Chorus]  
She'll say I love you Paul  
I love you Paul  
I love you Paul  
Hey, hey

And now everything is riding  
On a bet that I can't win  
If she's not the answer I've been looking for  
I'll never ask again  
Some say that the answer comes from within  
Meanwhile

[Chorus]  
Can you tell me where to find me?  
Have you seen me hanging around?  
I'm looking for myself each night till sunrise  
The only thing I've found  
Broken dreams and a heart that's stuck to the ground  
And with a smile

[Chorus twice]
