

# Smoking Popes, Sweet Pea

her shining diamond smile  
is white and wild as the ocean  
she declines the words  
that fail to capture her  
my sweet pea  
she's my sweet pea, yeah

how completely mine can she be  
yes is the answer  
all the way and beyond  
into eternity with my sweet pea  
she's my sweet pea

just when I was on top of my game  
I was totally put to shame  
but I can't quit now

what can I do girl  
I'm in over my head with you  
you've turned my blood from red to blue  
and it's pumping just for you  
you're my sweet pea  
my sweet pea, yeah

now I'm waiting to be told  
she wants to hold me tonight  
she belongs beside me  
that's the way it ought to be  
my sweet pea  
she's my sweet pea, yeah

just when I was on top of my game  
I was totally put to shame  
but I can't quit now

what can I do girl  
I'm in over my head with you  
you've turned my blood from red to blue  
and it's pumping just for you  
you're my sweet pea  
my sweet pea, yeah
