

Snap, Rhythm Is A Dancer

Take it down
6 underground
The ground beneath your feet
Laid up low
Nothing to go
No warily to eat
I've got a head full of drought
Down here
So far from losing out
'Round here
Overground
Watch the space
I'm hopin'
To fall in from grace
Calm it down
Bring it 'round
To way high up your street
I can't see
Like nothing else
To me, you're better than I wanna be
Don't think 'cause I understand
I care
Don't think 'cause I'm talking
We're friends
Overground
Watch the space
I'm hopin'
To fall in from grace
Don't think 'cause I understand
I care
Don't think 'cause I'm talking
We're friends
Overground
Watch the space
I'm hopin'
To fall in from grace
Talk me down
Safe & sound
Too strung up to sleep
Wear me out
Scream & shout
Swear my time's never cheap
I feared my life like I've lived
Too much
I'll take whatever you're givin'
Not enough
Overground
Watch the space
I'm hopin'
To fall in from grace
