

# Snooky Pryor, My Baby Been Gone

(Harmonica Intro)

My baby been gone, gone away from me  
Yes she been gone, gone away from me  
Now you know my heart, is in misery

I ain't got nobody, to stay home with me  
I ain't got nobody, to stay home with me  
Now you know my heart, in misery

If you just got to leave me, won't you take me where you go  
If you just got to leave me, please take me where you go  
If you don't leave me be, no I won't be back no more

(Harmonica Solo)

Oh goodbye baby, please don't leave me now  
Oh goodbye baby, please don't leave me now  
If you leave me baby, you know I'm on the ground  
(bye! bye!)

(Harmonica Solo)
