

# Snow Patrol feat. Martha Wainwright, Lifeboats

Hold on hold on, let me get the words out before I burst  
There's no truth at all poking at the giant eyes of ancient gods  
Cool heads have failed now it's time for me to have my turn  
Kiss me kiss me, life is way too short to scream and shout.

Flashed up in my wildest dreams the dark red blood streams  
Stretching out like vast cracked ice  
The veins of you the veins of me like great forest trees  
Pushing through and on and in  
Gliding like a satellite in the broken night  
And when I wake you're there I'm saved  
Your love is life piled tight and high set against the sky  
That seems to balance on it's own

Sing out sing out, the silence only eats us from the inside up  
I meant no harm but I only get to say these words too late  
Wake up wake up, dreaming only leads to more and more nightmares  
Snap out of it you said it in a way that showed you really cared.

Flashed up in my wildest dreams the dark red blood streams  
Stretching out like vast cracked ice  
The veins of you the veins of me like great forest trees  
Pushing through and on and in  
Gliding like a satellite in the broken night  
And when I wake you're there I'm saved  
Your love is life piled tight and high set against the sky  
That seems to balance on its own
