

So Many Dynamos, Get Down

Let's start at the bare roots and make our way to the fresh fruits.
Let's start so we can get down, get down.
Let's start at basics and make our way to the championships.
Let's start so we can get down, get down.
We're not so harmless, but more accurately heartless.
But that's no reason to get down, get down.
Let's start at the deep end and make our way to the ocean.
Let's start so we can get down, get down

On and on, we balance on this wheel.
Round and round, we earn the right to feel.
Down and down, we all start and end the same.
But, the fact remains that we could all use a little change sometimes.

Let's start at the catskills and make our way to a freezing hell.
Let's start so we can get down, get down.
Let's start at the front gate and make our way to the backstage.
Let's start so we can get down, get down.
We're not so faceless, but more accurately tasteless.
But, that's no reason not to get down, get down.
Let's start at the deep end and make our way back to the ocean.
Let's start so we can get down, get down.

On and on, we balance on this wheel.
Round and round, we earn the right to feel.
Down and down, we all start and end the same.
But, the fact remains that we can all use a little change sometimes.
