Social Burn, U

Take back those tears
That you sometimes cry
I'll be right here
Till your fears subside
It won't take long
You just need some time

[Bridge] Why can't you see

[Chorus]
That I want you
I need you
In everything
That I do
I want you
Cause I love you
And everything
About you

Take back those years That you try to hide Relax yourself Don't lose your mind

[2nd bridge] Why can't you see Who you can be

[Chorus] [Lead break] [Chorus x3]
