

Social Distortion, When The Angels Sing

At last we meet again, dear God
Hear the angels sing
The funerals are nicer when we know you're there
When the angels sing
Sometimes
I try so hard
To understand
The things you do
I like to question you
When it all comes down
Hear the angels sing
Stand up strong
Feel the pain
When the angels sing
Love
And death
Don't mean a thing
Till the angels sing

The prisoners pray when they're on to death row
When the angels sing
The junky
Cries for love but it's all run out
When the angels sing
The sins
Of the world
And it's cold on the streets
And you're all alone
And the tears
They start to fall
When it all comes down
Hear the angels sing

Stand up strong
Feel the pain
When the angels sing
Love
And death
Don't mean a thing
Till the angels sing
Little
By little
Day by day
I watch the children play
Cause life
And death
Don't mean a thing
Till the angels sing

When the angel of death comes to looking for me
Hear the angels sing
I hope I was everything I was supposed to be
When the angels sing
There's gotta be a heaven
Cause I've already done
My time in hell
And a little
Baby's born when it all comes down
Hear the angels sing

Stand up strong
Feel the pain
When the angels sing
Love

And death
Don't mean a thing
Till the angels sing
Little
By little
Day by day
I watch the children play
Cause life
And death
Don't mean a thing
Till the angels sing
