

Sodom, Eat Me

Your big brown eyes look sharp
Beneath your neck
I feel myself getting hard
Spread your crack

Hellfire and damnation
You sweat blood
You feel yourself well served
No you're not

Eat me!
Eat me!

Number one in your face
Number two on your cans
Orgasmic rush of lust
Rip off my pants

Eat me!

Come on taste my candy cream
Do the cannibal for me
Built like a brick shithouse
G.I.B

Eat me!
Come on eat me!
Eat me!
