

Sofa, So far

1.

You and I have always tried to treat each other right.
Always true, never blue - I've got no clue why you're
tellin' me that you wanna stop thinkin' about me just for a while.
I can't get you out of my mind,
please don't leave yor life behind
I know you are one of a kind!
Now you wanna light your fag, pack your bag, start to nag
but to tell you the truth - I don't wanna hear that after all
I've seen today. I don't really know your way, d'you know
what I mean?
Why don't we just sit back and talk it over, think it over,
it's not over...tell me so - I believe so but you say "no"
and you just keep sayin'...
REF: So far away there is a way we could be on to get along.
Come take my hand, you know I can go by myself...

2.

You and I have never been so mean, obscene, so keen on fightin'
till the end of time which still seems yours and mine but
I know that's not your line. Tell you what -
ever since I met you I've tried to get you. I didn't let you
get me, get my style, get what's mine, did I?
Well, I suppose I did...
Let's forget that evening when you said "I'm leaving".
Don't you get back to that! Don't you dare...
Reminisce the time when you were mine and it was fine to
watch you shine and rise. Are you mesmerised by the time
we spent together? And don't you say "never"...
REF: So far away...
